

HSQE Policy

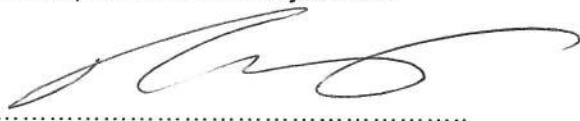

HSQE Policy

- SludgeTEK is committed to the principles and structure of ISO 45001:2018 (SSIP), ISO 14001:2015 and ISO 9001:2015.
- Our HSQE Management Systems, Procedures, and, where appropriate, Work Instructions are maintained on-line, any hard copies are considered "uncontrolled".
- Customers are encouraged to provide feedback at any time about service, delivery, and performance of any of our services. Records are kept in our customer file.
- The HSQE Management Systems in place at SludgeTEK ensures that all employees and subcontractors have an understanding of both the company and customer HSQE requirements.
- The management of SludgeTEK has played an active role in the development of the Management Systems and supports the policies described in this manual.
- SludgeTEK is committed to ensure systems are in place to ensure the health, safety and welfare of all employees and others who might be affected by our activities as well as ensuring the risk of ill health from our activities are minimised and controlled.
- Establishing objectives and targets at different levels of the business which are measured, monitored and reviewed to ensure their aims are being met.
- Protecting the environment, by improving technical installation efficiency, reducing energy usage thereby reducing harmful emissions and preventing pollution.
- Management Review of our HSQE Management System is carried out at least yearly.
- SludgeTEK is committed to ensure that the company complies with all relevant legislations, regulations and any other HSQE requirements applicable to the company and its activities.
- SludgeTEK is committed to continual improvements of its management systems and processes.
- Auditing processes, sites and offices to determine the effectiveness of our Management Systems, implementing effective corrective and preventative action where identified.
- All records will be maintained.

HSQE Policy Statement

“At SLUDGETEK, our ethos is to deliver the right component at the right time, every time. To achieve a consistently high level of service, we are committed to continual improvement through Leadership and investment in HSQE, Human Resources, Training, IT and Health & Safety, as outlined in our HSQE Manual and Procedures. Our constant aim is to exceed Customer expectation.”

This Policy represents the framework for planning and improving the HSQE and setting general and specific HSQE objectives.
